STATEMENT OF THE PROJECT MANAGEMENT

On 17 May 2018, the government of the Lao People's Democratic Republic (GOL) had agreements with International Development Association (IDA) as below:

Credit No. IDA 62050-LA

The Government of the Lao People's Democratic Republic (GOL), through its Ministry of Agriculture and Forestry and the Provincial Government of each of the Project provinces, is implementing the Project with financial assistance from International Development Association (IDA) under Financing Agreement Credit No. 6205-LA in an original approved amount of SDR 17,200,000 (Seventeen Millions Two Hundred Thousand Special Drawing Rights). The Project was declared effective on 25 June 2018 and expected to be closed by 28 June 2024.

The objective of the project is to increase the competitiveness of selected agricultural value chains in the project areas. The project consists of the following parts:

- Component 1: Improved Agricultural Efficiency and Sustainability
- Component 2: Enhanced Agricultural Commercialization
- Component 3: Project management

The project components performances for the period from 25 June 2018 to 28 June 2024 are as below:

Component 1: Improved Agricultural Efficiency and Sustainability:

- Promoting adoption of good varieties and quality seeds, carrying out of a program of activities designed to promote the adoption of good varieties and quality seeds, including the provision of: (a) technical assistance for the establishment of SMGs and building their capacity to adopt good varieties and quality seeds; (b) matching grants to selected SMGs to carry out Sub-projects for improving the production and postharvest handling, packaging and storage of quality seeds; (c) technical and material assistance to build the capacity of PAFOs, DAFOs, MAF technical departments and research institutions to conduct training for SMGs and carryout seed quality monitoring and certification; and (d) technical assistance to link SMGs with FPGs and agribusinesses in marketing certified seeds.
- Promoting good agricultural practices, carrying out of a program of activities designed to promote good agricultural practices, including the provision of; (a) technical assistance for the establishment of FPGs and building their capacity to adopt good agricultural practices; (b) Matching grants to selected FPGs to carry out sub-projects that implement good agricultural practices; (c) technical and material assistance to build the capacity of PAFOs, DAFOs, and MAF technical departments to conduct training for FPGs on good agricultural practices and to carry out related extension and certification activities including soil analysis, organic fertilizer production and organic farming; and (d) technical assistance to link FPGs with agribusinesses in marketing farm product.
- Providing critical productive infrastructure, carry out of a program of activities designed to improve critical irrigation infrastructure and water use practices, including; (a) rehabilitation of selected irrigation schemes; and (b) provision of technical assistance to establish water user groups and to build their capacity to adopt improved water use models.

STATEMENT OF THE PROJECT MANAGEMENT (CONTINUED)

• Component 1: Improved Agricultural Efficiency and Sustainability (Continue):

- Strengthening public services delivery, carry out of a program of activities designed to strengthen agriculture and nutrition service delivery, including the provision of technical and material assistance to; (a) improve the overall extension service capacity of PAFOs, DAFOs, and MAF technical departments; (b) develop and implement mapping and demarcation pilots for agricultural land in irrigation areas; (c) conduct studies on integrated farming systems and diversification for nutrition, and carry out social behavioural change communication activities related to dietary diversity, adequate care practices, and processing and cooking for improved nutrition.

• Component 2: Enhanced Agricultural Commercialization

- Establishing an agricultural value chain facility, establishment and operation of an agricultural value chain facility for the purpose of extending technical and financial services to agribusinesses, including the provision of: (a) technical assistance to establish and operate the facility and provide advisory and sub-project implementation support to agribusinesses; and (b) matching grants to selected agribusinesses to carry out sub-projects for upgrading their processing and postharvest handling facilities and their management capacities to improve product quality, increase operational efficiency, reduce physical losses and link agribusinesses with FPGs to improve the marketing of farm produce.
- Linking farmers to markets, carry out of a program of activities designed to link farmers to markets, including the provision of technical assistance to: (a) strengthen the horizontal links of farmers within FPGs for implementing procurement, marketing and other collective actions, and the vertical link of FPGs and agribusiness in productive partnerships undertake further processing and marketing of the produce; and (b) develop an improved agriculture market information system to provide reliable market information for productive partnerships.
- Improving the enabling environment, carrying out of a program of activities by MAF technical departments, MOIC and other relevant agencies to improve the enabling legal, policy and institutional environment for supporting agribusiness investment and agriculture trade policies, including the development of improved sanitary and phytosanitary standards, rice standards and rice export policies, and improved import and export legislation focusing on agriculture inputs and farm machinery.

• Component 3: Project management

- Project management, carry out of the day-to-day implementation, coordination, and management of project activities including planning and execution, financial management, procurement, internal and external audits, and environmental and social safeguards management.
- Project monitoring and evaluation, carry out of the day-to-day monitoring, reporting and evaluation of the project activities.

STATEMENT OF THE PROJECT MANAGEMENT (CONTINUED)

The Financial statements are the responsibility of project management. The following are components of the financial statements summarize the Project's position and performance:

- Statement of cash receipts and disbursements;
- Statement of fund balance; and
- Statement of designated accounts (note 5)
- Note to the financial statement

As the responsible officials, we do hereby state that the financial statements to the best of our knowledge and belief:

- have been prepared in accordance with IDA's requirements; and

- have been prepared, in all material respects, of the fund balance of the Project as at 31 December 2020 and its receipts and disbursements for the year ended 31 December 2020 in accordance with the basis of accounting set out in Note 2 to the financial statements.

We also hereby state that the statement of expenditure only includes costs which are eligible for financing agreement IDA Credit No. 6205-LA and adequate supporting documentation has been maintained for these costs.

On behalf of the Project:

Mr. Phouthone SIRIPHANTHONG

National Project Coordinator

INDEPENDENT AUDITOR'S REPORT

TO THE GOVERNMENT OF LAO PDR (GOL), THE MANAGEMENT OF THE PROJECT AND THE INTERNATIONAL DEVELOPMENT ASSOCIATION (IDA) ON THE FINANCIAL **STATEMENTS** OF THE LAO **AGRICULTURE** COMPETITIVENESS **PROJECT FUNDED** \mathbf{BY} THE INTERNATIONAL DEVELOPMENT ASSOCIATION (IDA) UNDER CREDIT NO. 6205-LA

Our opinion

In our opinion, the financial statements of Lao Agriculture Competitiveness Project (LACP or the Project) for the year ended 31 December 2020 are prepared, in all material respects in accordance with accounting policies described in Note 2 to the financial statements.

What we have audited

The Project's financial statements comprise:

- The statements of cash receipts and disbursements for the year ended 31 December 2020;
- The statement of fund balance as at 31 December 2020; and
- The notes to the financial statement, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report.

We believe that the audit evidence we've obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Project in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code). We have fulfilled our other ethical responsibilities in accordance with IESBA Code.

Emphasis of matter - Basis of accounting and restriction on distribution and use

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared in accordance with the accounting policies described in Note 2 to the financial statements. As a result, the financial statements may not be suitable for another purpose.

Our report is intended solely for the project and donor and shouldn't be distributed to or used by parties other than the project and donor. Our opinion isn't modified in respect of this matter

Responsibilities of the management for the financial statements

Finance Unit Head is responsible for the preparation and presentation of the financial statements in accordance with accounting policies described in Note 2 to the financial statements and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Project's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Project or to cease operations, or has no realistic alternative but to do so.

The Project's director is responsible for overseeing the Project's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but isn't a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the International Standards on Auditing, exercised professional judgment and maintained professional scepticism throughout the audit. We also:

• Identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.

• Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

• Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue as a going concern. If we concluded that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Project to cease to continue as a going concern.

Auditor's responsibilities for the audit of the financial statements (Continued)

We've communicated with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Mr. Phouthone SIRIPHANTHONG National Project Coordinator

NOTE TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

1. PROJECT BACKGROUND

On 17 May 2018, the government of the Lao People's Democratic Republic (GOL) had agreements with International Development Association (IDA) as below:

Credit No. 6205-LA

The Government of the Lao People's Democratic Republic (GOL), through its Ministry of Agriculture and Forestry and the Provincial Government of each of the Project provinces, is implementing the Project with financial assistance from International Development Association (IDA) under Financing Agreement Credit No. 6205-LA in an original approved amount of SDR 17,200,000 (Seventeen Millions Two Hundred Thousand Special Drawing Rights). The Project was declared effective on 25 June 2018 and expected to be closed by 28 June 2024. In project implementation activities comprises national level cost centres such as: National Project Management Office (NPMO), Ministry of Agriculture and forestry (MAF), Provincial Agriculture and Forestry Offices (PAFO), District Agriculture and Forestry Offices (DAFO), National Agriculture and Forestry Research (NAFRI), Ministry of Industry and Commerce. (MOIC), Provincial Industry and Commerce Office (PICO), Ministry of Natural Resource and Environment (MONRE), Ministry of Finance (MOF) and 5 provincial level cost centres such as: Xayabouly, Vientiane province, Vientiane Capital, Bolikhamxay province and Khammouane province.

The objective of the project is to increase the competitiveness of selected agricultural value chains in the project areas. The project consists of the following parts:

- Component 1: Improved Agricultural Efficiency and Sustainability
- Component 2: Enhanced Agricultural Commercialization
- Component 3: Project management

The project components performances for the period from 25 June 2018 to 28 June 2024 as re as below

- Component 1: Improved Agricultural Efficiency and Sustainability:
 - Promoting adoption of good varieties and quality seeds
 - Promoting good agricultural practices
 - Providing critical productive infrastructure
 - Strengthening public services delivery
- Component 2: Enhanced Agricultural Commercialization
 - Establishing an agricultural value chain facility
 - Linking farmers to markets,
 - Improving the enabling environment
- Component 3: Project management
 - Project management.
 - Project monitoring and evaluation

Theses financial statements were authorised for the issue by the project management on

NOTE TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES

A. Accounting convention

The statements of receipts, disbursements and fund balance, expressed in United State Dollar (USD), have been prepared under the historical cost convention and the cash receipts and disbursements basis of accounting. Under the cash receipts and disbursements basis of accounting, transactions are recorded when cash is paid or received by the Project. Advances are included in the Project's disbursements in according with Note 2. The Project maintains its accounting records in USD, as this is the currency in which the majority of its transactions are denominated and settled.

B. Cash receipts

Receipts consist of the authorized allocation of the association fund, direct payments made by Association and eligible expenditure refunded to date. These funds are accounted for when received or, in the case of direct payments made by Association, when notified as having been paid to the Project's funds by Association.

C. Cash disbursements

Disbursements represent all the Project's cash costs paid in line with the Program's objectives and approved budgets.

D. Advance

Advances are represent amounts paid in advance to the Project staff for the purpose of travel to the province, district or overseas or meetings, workshops or conferences. Advances are included in the Project's available fund and presented as "advance payment outstanding" in the statement of fund balance. The expenses related to advanced amounts will only be classified to the related expenditure activity line on the date of liquidation.

E. Fixed assets

The cost of fixed assets is charged as expenditure at the time of purchase. Fixed assets purchased are charged to the expenditure categories to which they relate. The Project maintains a fixed asset register, which includes only vehicles, office equipment and furniture, for control purposes only.

F. Foreign currency translation

The measurement and presentation currency of the Project is USD. Transactions arising in currencies other than USD are translated to USD using the rate prevailing at the transaction dates. Cash balances in currencies other than USD are translated into USD using the rate at the period end. All foreign exchange differences arising are included in the statement of receipts and disbursements.

NOTE TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Direct disbursements

Direct disbursements relate to payments made by the IDA direct to suppliers, contractors and consultants. These payments are accounted for when the payments are notified by IDA to the project.

H. Designated account replenishment

The Designated Account replenishment represents cash received by the Project under the Financing Agreement, which is maintained in a special deposit account and is used exclusively to cover the Association's share of eligible expenses (Note 5.1).

	963,287	978,433
	2,743,025	2,716,607

^{*}Consultant services the mainly include expenses related to local and international consultant for agriculture and financing.

**Training and workshops the mainly include expenses related to per-diem, accommodation, rent and other expense.

***Incremental operating cost mainly include expenditures for the repair and maintenance expenses, traveling costs and offices supplies.

NOTE TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

9. COMMITMENTS

The Project has obligation to pay to international and local consultants (staff salary and audit fee) when received services in the future, according to the contractual agreement signed by both parties. The commitment represents the remaining balance after deduct payment from total balance in the signed contract.

As at 31 December 2020, the significant committed expenditure of the Project, is as follows:

	USD	USD
- Consultant services	1,748,782	1,102,291
- Other consultant	113,000	148,000
	1,861,782	1,250,291

10. Subsequent events

Covid-19

Since 22 April 2021, the government has implemented a modified lockdown where most business units are allowed to continue their operations. Due to this modification, management believed all LACP activities could continue as planned.

Management confirmed there was no significant impact to the financial statements for the year ended 31 December 2020.
